**Appendix 2 - PRELIMINARY JURISDICTIONAL DETERMINATION (PJD) FORM**

**BACKGROUND INFORMATION**

**A. REPORT COMPLETION DATE FOR PJD:** September 15, 2021

**B. NAME AND ADDRESS OF PERSON REQUESTING PJD:** Harlan Ford, RQAW Corporation,  
8770 North Street, Suite 110, Fishers, IN. 46038

**C. DISTRICT OFFICE, FILE NAME, AND NUMBER:**

**D. PROJECT LOCATION(S) AND BACKGROUND INFORMATION:**

Des No's 1800060 & 1900361

The Federal Highway Administration (FHWA) and the Indiana Department of Transportation (INDOT) Crawfordsville District propose to proceed with a roadway improvement project located on State Road (SR) 32 from 3.69 miles W. of SR 75 to 0.5 miles W. of I-65 in Boone County, Indiana. The preferred alternative involves a functional Hot Mix Asphalt (HMA) minor structural overlay and the addition of 4 passing lanes (2 eastbound (EB) and 2 westbound (WB) that will each be approximately 1 mile long. The HMA overlay project will be located on SR 32 0.05 mi W of SR 75 to 0.5 mi W of I-65 and the added passing lanes project will be located on SR 32 from 3.69 mi W of SR 75 to 2.47 mi W of I-65. The proposed improvements will involve 6.62 miles of mill and resurface and approximately 4 miles of added passing lanes. This project will perpetuate existing drainage where possible. There are several locations where the ditches are no longer defined. Proposed ditches will be developed in these areas during the design process. Also, new ditches will be established and required in the passing lane areas. The proposed cross section for SR 32 within the HMA overlay portion will include two 12 foot wide travel lanes with 3 foot wide paved shoulders. In the 4 areas where the passing lanes will be installed, the cross section will include three 12 foot wide travel lanes with 3 foot paved shoulder. In addition, thirteen small structures are proposed to be replaced as part of this project.

- 1) The Corps of Engineers believes that there may be jurisdictional aquatic resources in the review area, and the requestor of this PJD is hereby advised of his or her option to request and obtain an approved JD (AJD) for that review area based on an informed decision after having discussed the various types of JDs and their characteristics and circumstances when they may be appropriate.
- 2) In any circumstance where a permit applicant obtains an individual permit, or a Nationwide General Permit (NWP) or other general permit verification requiring “pre- construction notification” (PCN), or requests verification for a non-reporting NWP or other general permit, and the permit applicant has not requested an AJD for the activity, the permit applicant is hereby made aware that: (1) the permit applicant has elected to seek a permit authorization based on a PJD, which does not make an official determination of jurisdictional aquatic resources; (2) the applicant has the option to request an AJD before accepting the terms and conditions of the permit authorization, and that basing a permit authorization on an AJD could possibly result in less compensatory mitigation being required or different special conditions; (3) the applicant has the right to request an individual permit rather than accepting the terms and conditions of the NWP or other general permit authorization; (4) the applicant can accept a permit authorization and thereby agree to comply with all the terms and conditions of that permit, including whatever mitigation requirements the Corps has determined to be necessary; (5) undertaking any activity in reliance upon the subject permit authorization without requesting an AJD constitutes the applicant’s acceptance of the use of the PJD; (6) accepting a permit authorization (e.g., signing a proffered individual permit) or undertaking any activity in reliance on any form of Corps permit authorization based on a PJD constitutes agreement that all aquatic resources in the review area affected in any way by that activity will be treated as jurisdictional, and waives any challenge to such jurisdiction in any administrative or judicial compliance or enforcement action, or in any administrative appeal or in any Federal court; and (7) whether the applicant elects to use either an AJD or a PJD, the JD will be processed as soon as practicable. Further, an AJD, a proffered individual permit (and all terms and conditions contained therein), or individual permit denial can be administratively appealed pursuant to 33 C.F.R. Part 331. If, during an administrative appeal, it becomes appropriate to make an official determination whether geographic jurisdiction exists over aquatic resources in the review area, or to provide an official delineation of jurisdictional aquatic resources in the review area, the Corps will provide an AJD to accomplish that result, as soon as is practicable. This PJD finds that there “*may be*” waters of the U.S. and/or that there “*may be*” navigable waters of the U.S. on the subject review area, and identifies all aquatic features in the review area that could be affected by the proposed activity, based on the following information:

**SUPPORTING DATA. Data reviewed for PJD (check all that apply)**

**Do not click on links or open attachments unless you recognize the sender and know the contents is safe.**

Hello Harlan,

Thank you for submitting the waters report for **SR 32 Pipe Lining, DES 1800060 Auxiliary Lanes, Passing**. The approved report is attached through the link below and can also be found on Projectwise through this link: [Wetland - Waters](#). It is the responsibility of the Project Manager to forward a copy of this report to the Project Designer.

Please note that this version does included the EWPO specialist approval signature. Make sure to use this version with any document submittals.

The information in the Waters Report should be used by the Designer to determine if Waters of the U.S. or wetlands will be impacted by the project. Avoidance and minimization must occur before mitigation will be considered. If mitigation is required, the Project manager or Designer must include the mitigation work in their project design, request Environmental Services to work on the mitigation, or include the mitigation work in the design contract (if the design of the project is let).

## Notice of Survey

RE: SR 32 from SR 75 to I-65, Des. No. 1800060 in Boone County, IN

Dear Property Owner,

Certified Engineering, Inc. and RQAW Corporation have been selected by INDOT for field and environmental survey of the above referenced project. Our information indicates that you own property near the above proposed roadway project. Certified Engineering, Inc. and RQAW Corporation will be performing a survey of the project area in the near future. **The survey work may include the identification and mapping of wetlands and historic resources, archaeological investigations (which may involve the survey, testing, or excavation of identified archaeological sites) and various other environmental studies.** The information we obtain from these studies is necessary for the proper planning and design of this transportation project. It may be necessary for representatives from Certified Engineering, Inc. or RQAW Corporation to enter your property to complete this work. This is permitted by law per Indiana Code (IC) 8-23-7-26. Anyone performing this type of work has been instructed to identify him or herself, if you are available, before they enter your property. If you no longer own this property or it is currently occupied by someone else, please let us know the name of the new owner or occupant so that we can contact them about the survey.

At this stage, we generally do not know what effect, if any, the project may eventually have on your property. If we later determine that your property is involved, you will be contacted with additional information.

The survey is needed for this project. Please be assured of our sincere desire to cause you as little inconvenience as possible during this survey.

If any problems do occur, please contact Jason Hesler of Certified Engineering, Inc. at (317) 546-1599 or at 3939 Millersville Road, Indianapolis, Indiana 46205. Thank you in advance for your cooperation.

Sincerely,

Certified Engineering, Inc.

Jason R. Hesler, PE, PLS

Re: Notice of Public Information Meeting  
SR 32: Roadway Improvement Project in Boone County, Indiana  
Des. Number(s): 1800060, 1900361, and 2101655

To whom it may concern:

**The Indiana Department of Transportation (INDOT), Crawfordsville District will host a public information meeting regarding the proposed SR 32 Roadway Improvement Project in Boone County, Indiana. The meeting will be held on Monday, April 25, 2022, from 5:00 pm to 8:00 pm at the Western Boone Junior-Senior High School, 1205 IN-75, Thorntown, IN 46071.** The meeting will inform the community of the project scope and schedule, describe preliminary design plans, and solicit input and comments from the community. The meeting will feature a brief presentation and a question and answer (Q&A) session. INDOT and their representatives will be available to address questions, comments, and concerns. Project maps, displays, and informational handouts will be available.

The project would include a functional Hot Mix Asphalt (HMA) minor structural overlay and the addition of 4 passing lanes (2 eastbound (EB) and 2 westbound (WB)) that would each be approximately 1 mile long. The HMA overlay portion of the project (Des No. 1900361) would be located on SR 32 from 0.05 mile W. of SR 75 to 0.5 mile W. of I-65, and the added passing lanes portion of this project (Des No. 1800060) would be located on SR 32 from 3.69 miles W. of SR 75 to 2.47 miles W. of I-65. In total, the proposed improvements would involve 6.62 miles of mill and resurface and approximately 4 miles of added passing lanes. New roadside ditches would need to be established within the passing lane areas. The proposed cross section for SR 32 within the HMA overlay portion would include two 12-foot wide travel lanes with 3-foot wide paved shoulders. In the 4 areas where the passing lanes would be installed, the cross section would include three 12-foot wide travel lanes with 3 foot paved shoulders. In addition, all small structures within the limits of the 4 passing lane locations would need to be replaced to facilitate the additional pavement width. Des No. 2101655 would include adding a raised curbed concrete island (approximately 6 inches in height) to better define the entrance to the Marathon gas station, located on the southwest corner of the SR 32/SR 75 intersection.

The maintenance of traffic plan will utilize phased construction to limit the impact to commuters during the passing lane construction. A road closure or detour route is not anticipated. After the passing lanes are constructed, the HMA overlay can be constructed by utilizing flagging operations. Two-way traffic is anticipated to be maintained along SR 32 and access to all properties would be maintained during construction. Project stakeholders, including local school corporations and emergency services, will be notified at least two weeks in advance of any construction that would block or limit access. Construction of the project will require additional permanent and temporary right-of-way. The estimated construction cost is \$13,250,000 with federal and local funds to be used.

The FHWA and INDOT have agreed the project falls within the guidelines of a Categorical Exclusion (CE) Level 2 environmental document.

## SR 32 Added Passing Lanes Monday, April 25, 2022

### Welcome

- Introductions
- Meeting format – Formal Presentation, Open House
- Purpose of meeting
- Informal Q & A in project display area with project engineers and project officials
- Information packet

# Introductions

- Indiana Department of Transportation (INDOT) –  
Crawfordsville District Project Manager and  
Representatives
- Design Team

# Purpose of Meeting

- Introduce the project to the community
- Discuss the Purpose and Need for the project
- Present the conceptual design
- Discuss the project schedule
- Discuss the Environmental Process
- Address questions or concerns in the Open House  
Setting

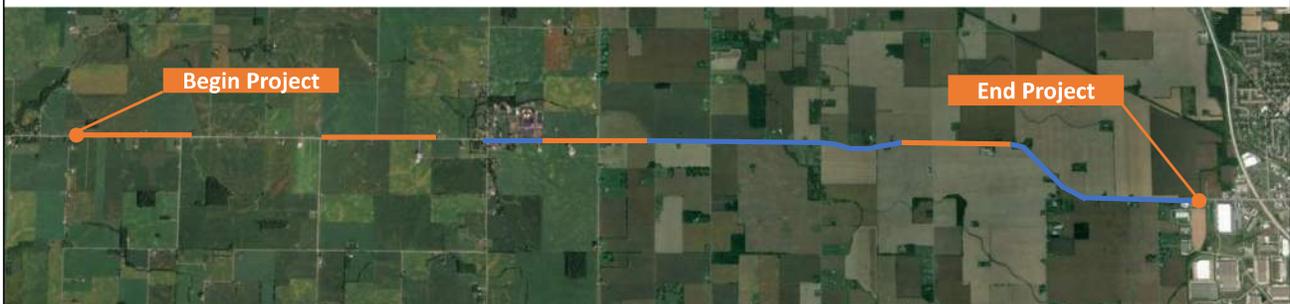

# Purpose and Need

- The need for this project is due to the existing level of service and the deteriorated condition of the roadway.
- The purpose of this project is to maintain a LOS C for the year 2044. In addition, the purpose is to also restore the rideability of the pavement.

# Project Location

- Passing Lanes
- Overlay

# Project Scope of Work

## Minor Structural Overlay

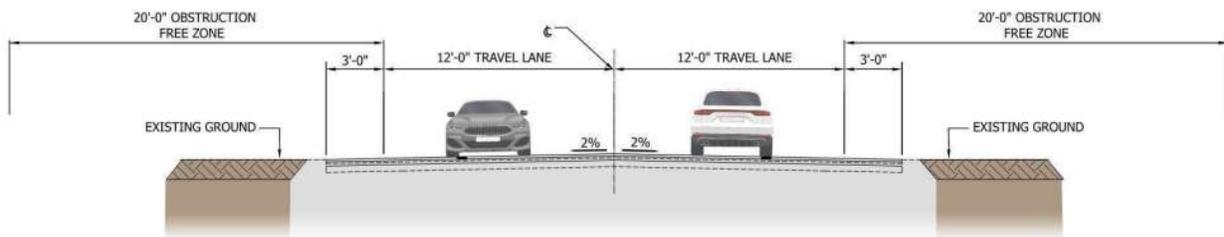

- Patch and mill/resurface roadway

# Proposed Typical Section

## • Minor Structural Overlay

# Project Scope of Work

## Added Passing Lanes

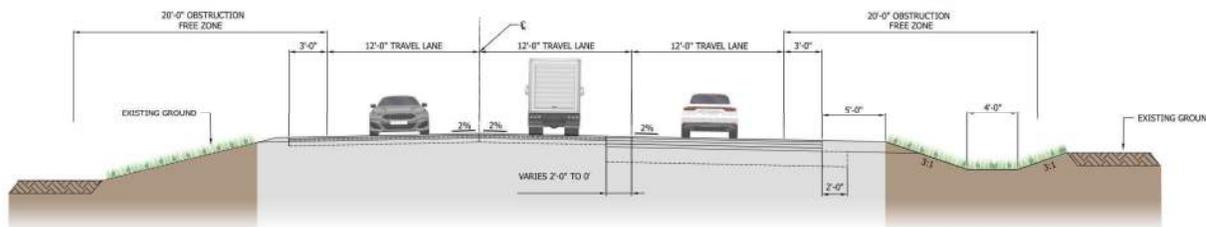

- Patch and mill/resurface existing road
- Add 12 ft. passing lane
- Add 3 ft. paved shoulder
- Add 5 ft. stone shoulder
- Establish new ditch along passing lane
- No roadside work to occur in overlay areas

# Proposed Typical Section

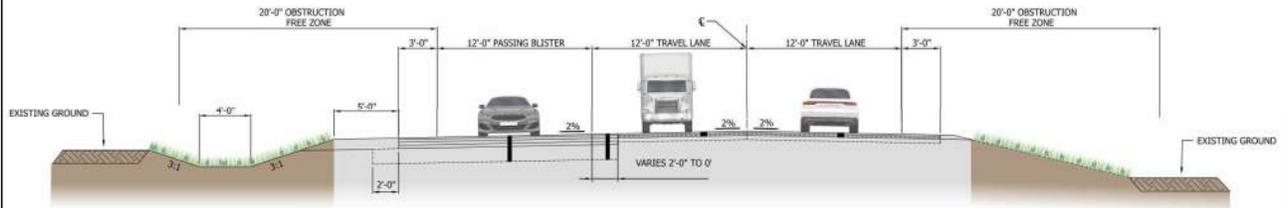

- Eastbound Passing Lane

# Proposed Typical Section

- Westbound Passing Lane

## Conceptual Maintenance of Traffic

### Phase 1

#### Added Passing Lanes

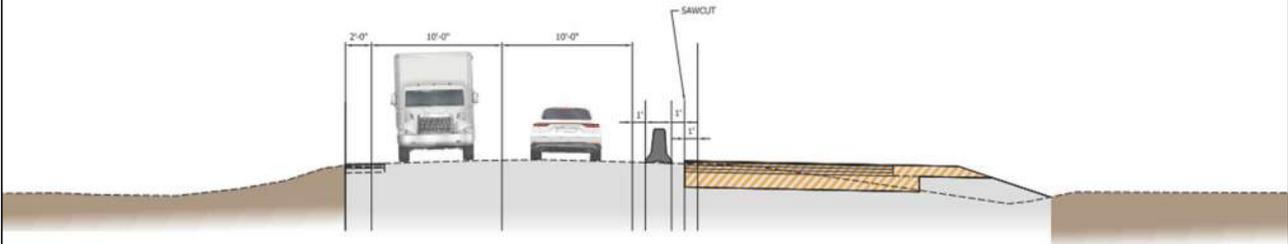

- Strengthen opposing shoulder to accommodate traffic.
- Construct passing lane behind temporary barrier wall

# Maintenance of Traffic Typical Section

## Phase 1 – Shoulder Strengthening/Added Passing Lanes

# Conceptual Maintenance of Traffic

## Phase 2

### Minor Structural Overlay

- Mill/resurface utilizing flaggers.

# Project Schedule

- Preliminary Field Check – May 2022
- Final Environmental Document Approval – November 2022
- Begin Right-of-Way Process – August 2022
- Letting – November 2023
- Begin Construction Season 1 – May 2024
- Begin Construction Season 2 – April 2025

# Environmental Document

- **Environmental Document is being completed as a requirement to the National Environmental Policy Act (NEPA)**
- **Categorical Exclusion (CE) 2 under development**
  - NEPA requires evaluation of potential impacts to surrounding natural, cultural and social environments
  - Impacts are described in the environmental document
  - Requires opportunity for public involvement and comment in the decision-making process of said impacts

# Elements of Environmental Documentation

- **Public involvement**
- **Right-of-way**
- **Streams & wetlands**
- Karst
- Threatened & endangered species
- Floodplains
- Farmland
- Historic & Archaeological
- Section 4(f) & 6(f)
- Air quality
- Noise
- Community impacts
- Environmental Justice
- Relocations
- Hazardous materials

# Environmental Studies

- Section 106—procedural law that requires federal agencies to consider the effects of projects they carry out, approve or fund have on historic properties
- Meets the Minor Projects Programmatic Agreement (MPPA) Categories A & B

# Next Steps

- **Draft CE for INDOT review**
- **Public Hearing anticipated in Fall 2022**
  - Public statements recorded at the public hearing
- **Final approval of CE**

# Thank You

**Thank you for attending.**  
Informal question and answer session will continue  
in project display area.

FAX: (765) 364-9226

**Eric Holcomb, Governor**  
**Michael Smith, Commissioner**

## **Legal Notice of Public Hearing – Lead Des. No. 1800060** **Roadway Improvement Project on SR 32 in Boone County, Indiana**

**The Indiana Department of Transportation (INDOT), Crawfordsville District will host a public hearing on Thursday, May 11, 2023, from 6:00 pm to 9:00 pm at the Western Boone Junior-Senior High School, 1205 IN-75, Thorntown, IN 46071.** The purpose of the public hearing is to offer all interested persons an opportunity to comment on current preliminary design plans for the proposed SR 32 roadway improvement project in Boone County, Indiana. The purpose of this project is to increase opportunity for passing slower traffic and reduce percent time spent following along SR 32. In addition, the purpose is to restore the rideability of the pavement, and to improve access control at the gas station in the southwest quadrant of the SR 32/SR75 intersection.

The scope of work for this project will include constructing a functional Hot Mix Asphalt (HMA) minor structural overlay and the addition of 3 passing lanes (2 eastbound (EB) and 1 westbound (WB)) that will each be approximately 1 mile long. The HMA overlay portion of the project (Des. No. 1900361) will be located on SR 32 from 0.05-mile W. of SR 75 to 0.5 mile W. of I-65, and the added passing lanes portion of this project (Des No. 1800060) will be located on SR 32 from 3.69 miles W. of SR 75 to 1.41 miles E. of SR 75. In total, the proposed improvements will involve 6.62 miles of mill and resurface and approximately 3 miles of added passing lanes. New roadside ditches will need to be established within the passing lane areas. In the three areas where the passing lanes will be installed, the cross section will include two 12-foot-wide travel lanes, one 12-foot-wide passing lane, and 3-foot-wide paved shoulders. An additional 5-foot-wide aggregate shoulder will be installed along the passing lane for a total shoulder width of 8 foot. In addition, all small structures within the limits of the three passing lane locations will need to be replaced to facilitate the additional pavement width. Lastly, Des No. 2101655 will include adding a curbed concrete island (approximately 6 inches in height) to better define the entrance to the gas station, located on the southwest corner of the SR 32/SR 75 intersection.

The Maintenance of Traffic (MOT) plan will utilize phased construction to limit the impact to commuters during the passing lane construction. A road closure or detour route is not anticipated. After the passing lanes are constructed, the HMA overlay can be constructed by utilizing flagging operations. Two-way traffic is anticipated to be maintained along SR 32 and access to all properties will be maintained during construction. INDOT will coordinate with emergency services, local school corporation officials and project stakeholders to ensure potential disruptions and impacts are minimized as much as possible. The project will require approximately 4.10 acre of permanent right-of-way, in addition to some temporary right-of-way needed during construction. No relocations or displacements will occur as a result of this project. The estimated cost of this project is approximately \$16,500,000 and uses both federal and state funds.

Federal and state funds are proposed to be used for construction of this project. INDOT and the Federal Highway Administration have agreed that this project poses minimal impact to natural environment. A Categorical Exclusion (CE) environmental document has been prepared for the project. The environmental documentation and preliminary design information is available to view prior at the following locations:

1. Lebanon Public Library at 104 E. Washington St., Lebanon, IN 46052
2. INDOT Crawfordsville District at 41 West 300 North, Crawfordsville, IN 47933

[www.in.gov/dot/](http://www.in.gov/dot/)  
**An Equal Opportunity Employer**

Additionally, a project webpage will be created prior to the public hearing to ensure project information is available on-line via the project sponsors web page [Crawfordsville.indot.in.gov](http://Crawfordsville.indot.in.gov), if you are unable to attend in person. Lastly, project information, including the environmental document, may be mailed upon request.

Public statements for the record will be taken as part of the public hearing procedure. All verbal statements recorded during the public hearing and all written comments submitted prior to, during and for a period of two (2) weeks following the hearing date, will be evaluated, considered and addressed in subsequent environmental documentation. Written comments may be submitted prior to the public hearing and within the comment period to the attention of Dylan Sievers at 8770 North Street, Suite 110, Fishers, IN 46038, at 317-588-1739, or at [dsievers@rqaw.com](mailto:dsievers@rqaw.com). **INDOT respectfully requests that comments be submitted by May 26, 2023.**

With advance notice, INDOT will provide accommodations for persons with disabilities with regards to participation and access to project information as part of the hearings process including arranging auxiliary aids, interpretation services for the hearing impaired, services for the sight impaired and other services as needed. In addition, INDOT will provide accommodations for persons of Limited English Proficiency (LEP) requiring auxiliary aids including language interpretation services and document conversion. Should accommodation be required please contact Karen Arnold, INDOT Project Manager, Crawfordsville District at (765) 361-5241 or at [karnold2@indot.in.gov](mailto:karnold2@indot.in.gov).

#### **Inclement Weather Notice**

In the event of inclement weather resulting in hazardous driving conditions, please contact Dylan Sievers, RQAW project manager, at 317-588-1739 or at [dsievers@rqaw.com](mailto:dsievers@rqaw.com) or Karen Arnold, INDOT project manager, at 765-361-5241 or at [karnold2@indot.in.gov](mailto:karnold2@indot.in.gov) to learn of any postponement of the public hearing. If the public hearing is postponed due to inclement weather, it will be rescheduled for Thursday, May 16, 2023, from 6:00 pm to 9:00 pm at the Western Boone Junior-Senior High School, 1205 IN-75, Thorntown, IN 46071 and the public comment period would be extended.

This notice is published in compliance with Code of Federal Regulations, Title 23, Section 771 (CFR 771.111(h)(1) states: "Each State must have procedures approved by the FHWA to carry out a public involvement/public hearing program." 23 CFR 450.212(a)(7) states: "Public involvement procedures shall provide for periodic review of the effectiveness of the public involvement process to ensure that the process provides full and open access to all and revision of the process as necessary." approved by the Federal Highway Administration, U.S. Department of Transportation on July 7, 2021.

### NOTICE TO BIDDERS

Notice is hereby given that the Boone County Highway Department, by and through the Board of Commissioners of Boone County, Indiana; hereinafter referred to as the OWNER, will receive sealed bids for the following project:

**Microsurfacing in Various Townships Boone County Project # 2022-03 Boone County, Indiana**

Proposals may be forwarded individually by registered mail or delivered in person, addressed to the Boone County Commissioners, 116 W. Washington St. Lebanon, Indiana 46052, prior to **8:30 a.m., May 15th, 2023**. Bids received after the 8:30 a.m. deadline will not be considered but will be returned to the bidder unopened.

All proposals will be received by the OWNER at a public meeting held in the Boone County Office Building in Lebanon, Indiana, Connie Lamar Meeting Room, #105, and opened and read aloud at 9:00 a.m. local time, **May 15th, 2023**.

The work to be performed and the proposals to be submitted shall include a bid for all general construction, labor, material, tools, equipment, taxes, permits, licenses, insurance, service costs, etc. incidental to and required for this project.

Plans and Specifications must be obtained through Reprographix Inc. ([www.reprographix.com](http://www.reprographix.com)) Payments and costs of Contract Documents are non-refundable. Bidders shall assure that they have obtained complete sets of drawings and Contract Documents and shall assume the risk of any errors or omissions in bids prepared in reliance on incomplete sets of drawings and Contract Documents. Contact Reprographix at 800-718-0035 for the cost of obtaining the contract documents.

Each proposal must be enclosed in a sealed envelope, bearing the title of the project, bid opening date and the name and address of the bidder firmly affixed. **The Bid documents to be thus submitted by each bidder shall consist of all of the documents listed in section 5.3 of the Instruction to Bidders. The bidder shall affix identifying tabs to the following sheets of each proposal:**

- Bidders Itemized Proposal and Declarations
- Bid Bond
- Standard Questionnaire and Financial Statement

Each individual proposal shall be accompanied by a certified check or acceptable **Bidder's Bond**, made payable to the Boone County Auditor, in a sum of not less than **five percent** of the total amount of the proposal, which check or bond will be held by the said Boone County Auditor as evidence that the bidder will, if awarded a contract, enter into the same with the OWNER upon notification from them to do so within ten days of said notification. Failure to execute the contract and to furnish a performance bond to Boone County, Indiana, will be cause for forfeiture of the amount of money represented by the certified check, or bidder's bond, as liquidated damages. The Commissioners at their discretion reserve the right to waive any and all informalities in the bidding. All bids submitted shall be valid for 90 days from the opening of the bids.

The Boone County Highway Department reserves the right to ask for clarification for any bid submitted. The specification herein states the minimum requirements of the Boone County Highway Department. It shall be the Bidders responsibility to carefully examine each item of the specification. **Any bid not in substantial compliance with these specifications will be rejected. It will be the responsibility of the Bidder to conform to the requirements unless deviations have been specifically cited by the Bidder and acceptance made on the basis of the exception.**

The Board of Commissioners for Boone County Indiana acknowledges its responsibility to comply with the American Disabilities Act of 1990. In order to assist individuals with disabilities who require special services (i.e. sign interpretative services, alternate audio/visual devices, and amanuenses) for participation in or access to County sponsored public programs, services and/or meetings, the county requests that individuals make request for these services forty-eight (48) hours ahead of the scheduled program, services and/or meeting. To make arrangements, contact Kaylee Jessie, Administrative Assistant, at (765) 483-4492.

The Commissioners meeting will be open to the public, however audio/video remote participation is available at the following links using, 1) [BlueJeans](https://bluejeans.com/7654834492); <https://bluejeans.com/7654834492>

2) **Dial in number: 1-888-748-9073**

**Meeting ID: 7654834492**

Please mute your audio while on the call unless you are presenting an agenda item.

**Legal Notice of Public Hearing - Lead Des. No. 1800060 Roadway Improvement Project on SR 32 in Boone County, Indiana**  
The Indiana Department of Transportation (INDOT), Crawfordsville District will host a public hearing on Thursday, May 11, 2023, from 6:00 pm to 9:00 pm at the Western Boone Junior-Senior High School, 1205 IN-75, Thornton, IN 46071. The purpose of the public hearing is to offer all interested persons an opportunity to comment on current preliminary design plans for the proposed SR 32 roadway improvement project in Boone County, Indiana. The purpose of this project is to increase opportunity for passing slower traffic and reduce percent time spent following along SR 32. In addition, the purpose is to restore the rideability of the pavement, and to improve access control at the gas station in the southwest quadrant of the SR 32/SR75 intersection.

The scope of work for this project will include constructing a functional Hot Mix Asphalt (HMA) minor structural overlay and the addition of 3 passing lanes (2 eastbound (EB) and 1 westbound (WB)) that will each be approximately 1 mile long. The HMA overlay portion of the project (Des. No. 1900361) will be located on SR 32 from 0.05-mile W. of SR 75 to 0.5 mile W. of I-65, and the added passing lanes portion of this project (Des No. 1800060) will be located on SR 32 from 3.69 miles W. of SR 75 to 1.41 miles E. of SR 75. In total, the proposed improvements will involve 6.62 miles of mill and resurface and approximately 3 miles of added passing lanes. New roadside ditches will need to be established within the passing lane areas. In the three areas where the passing lanes will be installed, the cross section will include two 12-foot-wide travel lanes, one 12-foot-wide passing lane, and 3-foot-wide paved shoulders. An additional 5-foot-wide aggregate shoulder will be installed along the passing lane for a total shoulder width of 8 foot. In addition, all small structures within the limits of the three passing lane locations will need to be replaced to facilitate the additional pavement width. Lastly, Des No. 2101655 will include adding a curbed concrete island (approximately 6 inches in height) to better define the entrance to the gas station, located on the southwest corner of the SR 32/SR 75 intersection.

The Maintenance of Traffic (MOT) plan will utilize phased construction to limit the impact to commuters during the passing lane construction. A road closure or detour route is not anticipated. After the passing lanes are constructed, the HMA overlay can be constructed by utilizing flagging operations. Two-way traffic is anticipated to be maintained along SR 32 and access to all properties will be maintained during construction. INDOT will coordinate with emergency services, local school corporation officials and project stakeholders to ensure potential disruptions and impacts are minimized as much as possible. The project will require approximately 4.10 acre of permanent right-of-way, in addition to some temporary right-of-way needed during construction. No relocations or displacements will occur as a result of this project. The estimated cost of this project is approximately \$16,500,000 and uses both federal and state funds.

Federal and state funds are proposed to be used for construction of this project. INDOT and the Federal Highway Administration have agreed that this project poses minimal impact to natural environment. A Categorical Exclusion (CE) environmental document has been prepared for the project. The environmental documentation and preliminary design information is available to view prior at the following locations:

1. Lebanon Public Library at 104 E. Washington St., Lebanon, IN 46052
2. INDOT Crawfordsville District at 41 West 300 North, Crawfordsville, IN 47933

Additionally, a project webpage will be created prior to the public hearing to ensure project information is available on-line via the project sponsors web page [Crawfordsville.indot.in.gov](http://Crawfordsville.indot.in.gov), if you are unable to attend in person. Lastly, project information, including the environmental document, may be mailed upon request.

Public statements for the record will be taken as part of the public hearing procedure. All verbal statements recorded during the public hearing and all written comments submitted prior to, during and for a period of two (2) weeks following the hearing date, will be evaluated, considered and addressed in subsequent environmental documentation. Written comments may be submitted prior to the public hearing and within the comment period to the attention of Dylan Sievers at 8770 North Street, Suite 110, Fishers, IN 46038, at 317-588-1739, or at [dsievers@rqaw.com](mailto:dsievers@rqaw.com). INDOT respectfully requests that comments be submitted by May 26, 2023.

With advance notice, INDOT will provide accommodations for persons with disabilities with regards to participation and access to project information as part of the hearings process including arranging auxiliary aids, interpretation services for the hearing impaired, services for the sight impaired and other services as needed. In addition, INDOT will provide accommodations for persons of Limited English Proficiency (LEP) requiring auxiliary aids including language interpretation services and document conversion. Should accommodation be required please contact Karen Arnold, INDOT Project Manager, Crawfordsville District at (765) 361-5241 or at [karnold2@indot.in.gov](mailto:karnold2@indot.in.gov).

**Inclement Weather Notice**  
In the event of inclement weather resulting in hazardous driving conditions, please contact Dylan Sievers, RQAW project manager, at 317-588-1739 or at [dsievers@rqaw.com](mailto:dsievers@rqaw.com) or Karen Arnold, INDOT project manager, at 765-361-5241 or at [karnold2@indot.in.gov](mailto:karnold2@indot.in.gov) to learn of any postponement of the public hearing. If the public hearing is postponed due to inclement weather, it will be rescheduled for Thursday, May 16, 2023, from 6:00 pm to 9:00 pm at the Western Boone Junior-Senior High School, 1205 IN-75, Thornton, IN 46071 and the public comment period would be extended.

This notice is published in compliance with Code of Federal Regulations, Title 23, Section 771 (CFR 771.111(h)(1)) states: "Each State must have procedures approved by the FHWA to carry out a public involvement/public hearing program." 23 CFR 450.212(a)(7) states: "Public involvement procedures shall provide for periodic review of the effectiveness of the public involvement process to ensure that the process provides full and open access to all and revision of the process as necessary." approved by the Federal Highway Administration, U.S. Department of Transportation on July 7, 2021.

Thursday, May 11, 2023

Welcome Local Resident, Interested Citizen, and Elected / Local Public Official:

## Welcome to the Indiana Department of Transportation's (INDOT) public hearing regarding proposed SR 32 Roadway Improvement Project in Boone County (Lead Des. No. 1800060).

The purpose of this public hearing is to offer all interested persons an opportunity to comment on current design plans and the environmental document for this project.

There are several ways your comments may be presented this evening and following tonight's public hearing. You may submit comments in the following manner:

1. **Complete** a comment form and return it to an INDOT representative attending the public hearing. Comment forms are available at the sign-in table and also included in your information packet.
2. **Participate** as speaker during the comment session following tonight's presentation.
3. **E-mail** comments to the INDOT Project Manager, Karen Arnold at: [karnold2@indot.in.gov](mailto:karnold2@indot.in.gov) or RQAW Project Manager at [dsievers@rqaw.com](mailto:dsievers@rqaw.com).
4. **Mail** comments to Karen Arnold at INDOT Crawfordsville District at 41 West 300 North, Crawfordsville, Indiana 47933. Or to Dylan Sievers at RQAW at 8770 North Street, Suite 110, Fishers, IN 46038.
5. **Call** Karen Arnold (INDOT PM) at 765-361-5241 or Dylan Sievers (RQAW PM) at 317-588-1739.
6. **Visit** the Crawfordsville District webpage to learn more about this project at [Crawfordsville.indot.in.gov](http://Crawfordsville.indot.in.gov).
7. **Submit comments (or have comments postmarked by) May 26, 2023**. Comments will be reviewed and considered as part of the INDOT decision making process.
8. **Questions?** Contact INDOT Customer Service at 1-855-INDOT-4-U (1-855-463-6848) [INDOT@indot.in.gov](mailto:INDOT@indot.in.gov).

The Crawfordsville District is responsible for maintaining 5,003 lane miles of state roads, 850 lane miles of interstate, 1,556 large culverts, 899 state bridges, 159 snow routes, 378 traffic signals, 89 flashers, 48,283 road signs, and 969 panel signs.

There are five subdistricts (Cloverdale, Crawfordsville, Frankfort, Terre Haute and West Lafayette) and 13 counties (Benton, Boone, Clay, Clinton, Fountain, Hendricks, Montgomery, Parke, Putnam, Tippecanoe, Vermillion, Vigo and Warren) in this west central Indiana district.

[www.in.gov/dot/](http://www.in.gov/dot/)  
**An Equal Opportunity Employer**

## **Public Hearing Agenda**

Meeting Called to Order

Formal presentation

Public Comment Session

Informal Session (Not part of official record)

All substantive comments received prior to, during and following the public hearing will be evaluated and responded to in writing within subsequent project documentation. The documentation will address concerns presented during the public hearing process and describe project decisions reached following careful consideration of the views and concerns of the public.

**The project team will be available in the display area to explain project details and address questions prior to and following the public hearing.**

The draft environmental document is available for public review and inspection at the following locations:

- Public Viewing Location:
  - Lebanon Public Library at: 104 E. Washington St., Lebanon, IN 46052
  - INDOT Crawfordsville District at: 41 West 300 North, Crawfordsville, IN 47933
- INDOT Crawfordsville District Office Address:
  - 41 West 300 North, Crawfordsville, Indiana 47933.
- INDOT District Webpage:
  - [Crawfordsville.indot.in.gov](http://Crawfordsville.indot.in.gov)

**Thank you for attending tonight's public hearing.**

## **Project Location:**

The Federal Highway Administration (FHWA) and the Indiana Department of Transportation (INDOT), Crawfordsville District is proceeding with a federal aid roadway project along SR 32. This project extends along SR 32 from 3.69 miles west of SR 75 to 0.5 mile west of I-65, for a total work length of approximately 8.66 miles.

## **Project Description:**

The preferred alternative involves a functional Hot Mix Asphalt (HMA) minor structural overlay along SR 32 and the addition of three passing lanes (two eastbound (EB) and one westbound (WB)) that will each be approximately one mile long.

### HMA Overlay Project Limits:

The limits of the HMA overlay portion of the project (Des. No. 1900361) extends from 0.05 mile west of SR 75 to 0.5 mile west of I-65.

### Passing Lanes Project Limits:

The limits of the added passing lanes portion of this project (Des. No. 1800060) extends from 3.69 miles west of SR 75 to 1.41 miles east of SR 75.

- Eastbound Passing Lane 1: Begins just east of CR 1175W and ends at CR 1075W.
- Westbound Passing Lane 1: Begins at CR 950W and ends 1 mile east of CR 950W.
- Eastbound Passing Lane 2: Begins just east of the high school and ends at CR 650W.

In total, the proposed improvements will involve 6.62 miles of mill and resurface with approximately three miles of added passing lanes. Please note that the net project length is 8.66 miles, as one passing lane (Eastbound Passing Lane 2) is within the HMA overlay limits, while the other two are outside the HMA overlay limits. New ditches will need to be established within the passing lane areas. In the three areas where the passing lanes would be installed, the cross section would include two 12-foot-wide travel lanes, one 12-foot-wide passing lane, and 3-foot-wide paved shoulders. An additional 5-foot-wide aggregate shoulder will be installed along the passing lane for a total shoulder width of 8-foot. In addition, all small structures within the limits of the three passing lane locations will need to be replaced to facilitate the additional pavement width. Please refer to the CE document for all structures to be replaced and associated Des Nos. Lastly, Des No. 2101655 will include adding a curbed concrete island (approximately 6 inches in height) to better define the entrance to the gas station, located on the southwest corner of the SR 32/SR 75 intersection.

## **Purpose and Need:**

### Need:

The need for this project stems from the Level of Service (LOS) along this section of SR 32, which is predicted to drop from a LOS C to a LOS D by 2044. There are six levels of service ranging from A to F. LOS A

represents the best operating conditions from the traveler’s perspective and LOS F the worst. In addition, there is a need to correct the deteriorating pavement condition, which is currently exhibiting signs of wheel rutting, longitudinal cracking, and large amounts of crack sealing from previous repairs. Crack sealant helps to temporarily reduce water infiltration, but when water penetrates the crack sealant it will lead to substantial damage to the pavement structure. Lastly, at the gas station located on the southwest corner of the SR 32/SR 75 intersection, there is currently no defined entrance/exit for the gas station. This results in confusion for motorist entering and exiting the gas station, and it creates conflicts for motorist accessing SR 32 from SR 75.

**Purpose:**

The purpose of this project is to increase opportunity for passing slower traffic and reduce percent time spent following along SR 32. In addition, the purpose is to restore the rideability of the pavement, and to improve access control at the gas station in the southwest quadrant of the SR 32/SR75 intersection.

**Right-of-Way:**

This project will require approximately 4.10 acres of permanent right-of-way and 2.01 acres of temporary right-of-way. Additionally, this project will need to re-acquire approximately 9.21 acres of right-of-way consisting of the paved surface of SR 32 (from centerline to edge of pavement) and defined roadside ditches, which is currently in transportation use and used to maintain the roadway.

**Schedule:**

- Public Comments Due: May 26, 2023
- Finalize Environmental Document: July 2023
- Right-of-Way Acquisition: July 2023
- Contractor Award of Project (Letting): April 2024
- Begin Construction Season 1 – June 2024
- Begin Construction Season 2 – April 2025

**Cost:**

The estimated cost of this project is approximately \$16,500,000 and uses both federal and state funds.

**Maintenance of Traffic (MOT):**

The MOT plan for this project will consist of phased construction to limit the impact to commuters during construction of the passing lanes. A road closure or detour route is not anticipated. After the passing lanes are constructed, the HMA overlay can be constructed by utilizing flagging operations. Two-way traffic is anticipated to be maintained along SR 32. In addition, access to all properties will be maintained at all times during construction.

**Project Resource Locations:**

Lebanon Public Library  
104 E. Washington Street  
Lebanon, IN 46052

INDOT Crawfordsville District  
41 West 300 North  
Crawfordsville, IN 47933

You are also encouraged to visit the project webpage at: ([Crawfordsville.indot.in.gov](http://Crawfordsville.indot.in.gov)) to learn more about this project and review the project documents, including the design plans and environmental document.
